

Tees Valley Combined Authority Cabinet Decision Record

Cabinet Meeting Date:
26 September 2025

Decision Details

Local Remediation Acceleration Plan

Decision Status:	Recommendation Approved
Is Key decision:	Yes
Is subject to call in:	No
Call in deadline:	Midnight on 07/10/25
Decision in effect from:	08/10/25
Publication Date:	30/09/25
Date of Decision:	26/09/25
Decided at Meeting of:	Cabinet

Purpose:

In the Prime Minister's response to the Grenfell Inquiry, the commitment to accelerate the remediation of buildings with unsafe cladding was made. The resulting National Remediation Acceleration Plan aims to address the buildings affected and speed up the completion of works whilst supporting the residents of those buildings.

To deliver on this commitment and to accelerate remediation works locally, the Deputy Prime Minister wrote to all Mayoral Combined Authorities, recognising the unique position they are in locally to co-ordinate the work of enforcing authorities and asked them to work alongside key partners to prepare a Local Remediation Acceleration Plan for their regions. This request makes use of the Mayoral Combined Authority's convening powers, relationships and local knowledge to help increase the pace of remediation.

Decision:

Resolved that;

- i) Approves the Local Remediation Acceleration Plan for publication on the TVCA Website and;
- ii) Notes the convening role TVCA takes in its delivery.

Alternative options considered:

No other alternative options were presented.
